Change for the Better

The Beginning of a New Future at Encinal

Change is a part of life that helps us grow. As the years have passed, we have undergone many changes; from our environment to our past and present friends, the restructuring in our academic programming and the remodeling of our school, we learn that life goes on. We also have to learn from the past and live towards the future.

FRIDAY AT LAST: ***Jennie Merritt, Mark Gunn, Andrew Hunter*** *and* ***Alanna McKean*** *are leaving the campus, in anticipation of a long, three-day weekend. This year, students have eight of these "Teacher-in-Service" days.*

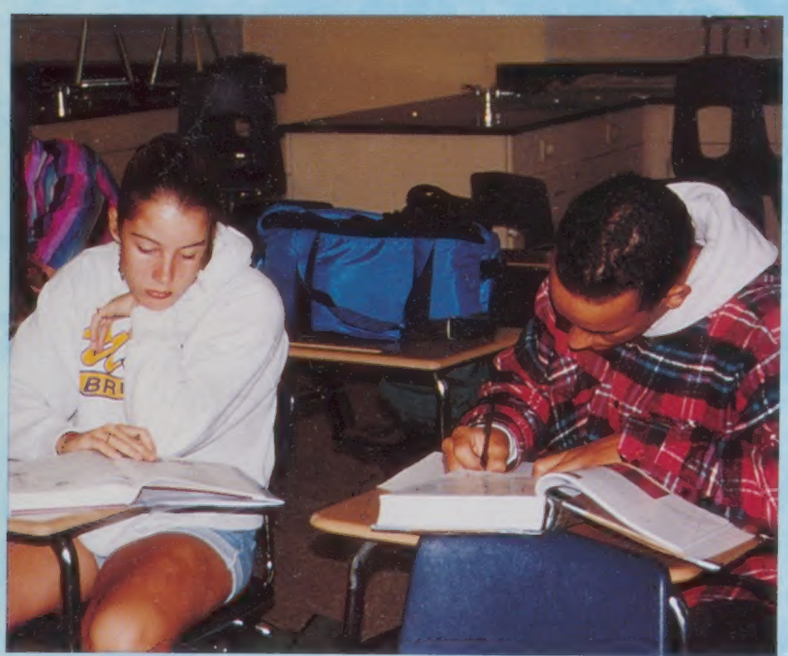
AHOY, JUNIORS: ***Shannon Babb, Stephanie Stelter, Acacia Tally*** *and* ***Ben McNeil*** *do the "foxy lady" while sailing themselves to victory on the SS Mino.*

LOOK, I'M HELPING: ***Christine Armstrong*** *makes a difficult stretch to put up a web. The Freshman class holds their class meeting every Tuesday during lunch.*

The Things We Do

Students Fill The Time Doing It All

LOOKING FORWARD TO A BRIGHT SEASON: Team members of the Freshman football team gaze blindly into the sun, watching their team go for the winning touchdown.

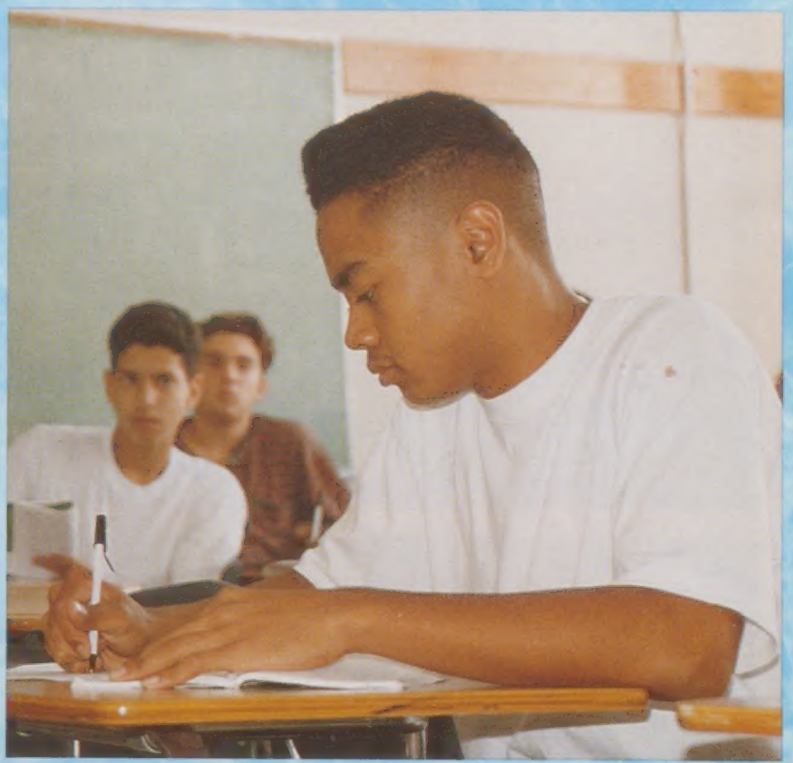


*TUTORIAL: **Tara DeLong** and **David Silva** put in a little extra effort in their studies during tutorial. Tutorial, from 8:00 a.m. to 8:30 a.m. every Wednesday and Friday, is a half-hour morning session for students to get one-on-one help from their teachers and peers.*

*SPREADING THE WORD: Government students **Delores Hollingsworth** and **Cristie Creadle** design posters, describing all the happening events for the week.*

*FINDING TIME: During passing period, Sophomore **Lauren Blickle** stops at her locker to pick up some materials before having to rush to her next class.*

*PERFECT STUDENT: Junior **James Kimble** works diligently to finish his homework assignment for **Mr. Norm Robinson's** English class. Looking to see what he is doing is **Ronny Sono** and Wesley New.*



PREPARING TO SALUTE: The EHS JROTC Drill team stand at attention as the crew of the USS Samuel Gompers prepare to disembark from their long, six month journey in the Western Pacific. The EHS band had also performed at the ceremonies.

Time to Eat

Life Around School During Lunch Time

FOOD FOR THOUGHT: **Jaclyn Irvine** *forgets her lunch but doesn't mooch food off of her friend,* **Jessica Burtenshaw.** **Jaclyn** *runs cross country while* **Jessica** *has participated in soccer, diving and cheer leading.*

HOW MUCH?!!: **Allen Hankins** *peers over the counter of the lunch cart, trying to decide what he can afford to eat today.*

ANYONE ELSE: **Jola Lukaszewicz, Heather DeLong, Vlad Lanston** *and* **Cindy Gordon** *gather around the table to sign-up for the California Scholarship Federation club.*

WHO'S NOT HERE: **John Crum, Ryan Haslam, Alicia Lengel, Stephanie Stelter, Acacia Tally, Jaclyn Irvine** *and* **Hyacinth Carcallas** *all ponder the question of who is missing.*

SIGN ME UP: During Club Day, potential club members **Tap Duong** and **Ann Torio** asks representatives of Key Club, a volunteer organization, what the benefits of joining this club are.

LUNCH ANYONE: **Bayani Flores, Lisa Fernandez, Andi Fernandez, Gabriel Flores, Jessica Burtenshaw, Gina Termini, Alanna McKean, Dawn Milne, Andrew Hunter** and **Karen Schlack** get together and socialize during lunch.

CULTURAL EXCHANGE: **Jennifer Pancoe, Marife Melendez, Clarissa David, Robert Harlow** and **Darlene Elasigue** show **Maria Yershova, Vlad Lanston** and **Alina Zolifrank** what life is like for a typical student here at Encinal. All these exchange students came from countries as far away as Russia.

WHAT A FEAST: **Joshua Lumpkin** and **Camellia Millett-Lau** work together to pile up a humongous bowl of chow-mein. **Josh** participates in drama, performing in "Arsenic and Old Lace" as well other plays through-out his years at Encinal. **Camellia,** on the other hand, plays softball as well as tennis.

A Change in Priorities

Bringing Seniors Together for their Final Year at Encinal.

For most students, the school year began on September 8. However, for the senior class, it started much earlier. Filled with anticipation and enthusiasm, the men and women of the Senior class met frequently throughout the summer to plan for Homecoming, Senior Picnic, Banquet and Prom. Early preparation was essential, for everybody wanted to make this year the most memorable and thrilling one ever.

Earning money had been of particular concern throughout the Seniors' four years at Encinal, but now, more than ever, money was extremely crucial. So, to begin their fourth and final year of fundraising, the Senior class sponsored the traditional Back-to School Night Rigatoni Feed. To cut down on expenses, members of the Senior class solicited donations of food and utensils from the local community. When all the supplies were obtained, numerous Seniors labored diligently to create a lavish feast. The event was hectic, and various difficulties arose, but in the end the Senior class made approximately $500 in profits. With the Rigatoni Feed now a part of history, the Seniors turned their attention and efforts toward Homecoming festivities.

In order to finalize plans for Homecoming, Seniors gathered every Tuesday in room 309 with their class advisor, Mr. Ed Winberg. After the noise level had died down and creative imaginations repressed, a single unifying theme emerged: "The Roaring '20." About sixty Seniors used this theme and transformed themselves into flappers and gangsters for the Senior skit. They danced the Charleston, pretended to bootleg whiskey, and flaunted the carefree attitude indigenous to those times. Many Seniors who performed in the skit also helped out during hall decorations. The 300-304 wing underwent a metamorphosis overnight, as images of bartenders, flappers, and Model T's filled the once barren hallway. Competition was stiff during Homecoming. The juniors eventually broke a Senior tradition and beat them out for first place overall. What they could not do however, was exemplify more determination, spirit, and creativity than the Class of '94.

A lull in class activities came with the end of Homecoming Week, and so the Seniors turned their attention to other significant personal endeavors. Meeting graduation requirements and filling out U.C. and C.S.U. applications took precedence during November, while December and January brought with them college financial aid and scholarship forms. But by February, the Seniors were back at it again, preparing for the annual Sadie Hawkins dance. A live disc jockey, refreshments, and a photographer were provided to entice the student body to come. The money raised from this event helped to pay for the Senior Banquet, Senior Picnic, and the biggest dance of all, the Senior Prom at the ANA Hotel in San Francisco.

Graduation and the thoughts of going off to college now loomed ahead for the Seniors. Graduation also marked the passing of an era in the lives of a special group of people, an era filled with laughter, joy, and even disappointment. The past year will be forever lost in time, but it will not be soon forgotten. Each individual takes with him or her a unique memory and fondness that, collectively, makes this year's senior class so extraordinary. Congratulations and good luck to the Class of 1994.

SENIOR CLASS OFFICERS: From top to bottom, left to right: Vice-president, ***Hyacinth Carcallas;*** *Treasurer,* ***Marife Melendez;*** *Secretary,* ***Rose Kim;*** *Sergeant-at-Arms,* ***Jacob Adina;*** *President,* ***Alanna McKean;*** *and Publicity Officer,* ***Eugene Asuncion.***

HALF TIME ALREADY: ***Alicia Lengel*** *marches with the rest of the band during intermission at the Homecoming Game against El Cerrito. The band has won many awards including a big four-foot trophy.*

What will you remember most about Encinal?

"Construction, MAN!"

— Danny Arellano —

"I'll remember the fact that all through the years waiting for the day to see this school actually finished and looking the way it should will only come when we are gone . . . and the loud construction."

— Jennifer Thomas —

"The noisy construction and the class of '94!!"

— Winston Navarro —

"The most I'll remember about Encinal is all the different cultures that tend to blend into one huge niche, the preps, the dopers, the freaks, the outcasts (such as myself) and the thugs."

Where do you see yourself in 10 years?

"In ten years, I see myself with a Hella fine wife and one kid, a boy. I'm going to be a fireman and I'll live in Southern California. My Homie Chris Pivonka and my other homie Matt Wong will live next door and we'll throw parties at Chris's house."

— Steve Wilson —

"In ten years, I'll probably be married to some Naval Officer who I met at the US Naval Academy. We'll be traveling with our two kids around the Pacific. I'll be teaching, playing for the Navy bands, or saving lives as an EMT. If not those, then I'll still be at home studying and looking for a job. Oh, I'll also be twenty pounds lighter."

What is a typical "Encinal day" to you?

"A typical "Encinal Day" for me starts at 7:00 am with zero period, and ends whenever practice is over, which, on average, is about at 6:00 pm. In the middle of this 11-hour day is an extremely short break; forty minutes where we try to live up to the image adults have of high school, which is a social stress free place. A place where "the best years of our lives will be spent." School has never been stress free, but it has always been fun." — John Crum —

"My typical day is waking-up at 5:30, going to school, having a headache, being tired or stressed, going to some type of workout, going home, eating and sleeping." — Alanna McKean —

A Year of Doing it All and Seeing it All

PEER GENIUS: **Pep Charusanti** takes over the tutelage of **Mr. Al Rebensdorf's** 5th period Algebra II class, explaining the quickest way to find slopes. **Pep** is also an avid water polo player as well as a photographer for the publications class.

LISTEN UP: Team captain **Randy Romanoff** and first-year varsity player, **Alanna McKean** give all their attention to their coach, **Jerry Cvecko**, who shows them new, devious and exciting plays. The Varsity team was able to make it up to the North Coast Section finals.

ARTISTIC TALENT: **Jose Morales** uses his talents as a graffiti artist to help paint the banner for Homecoming, using the theme, "Roaring 20's.

SHEER BOREDOM: Associated Student Body President **Dawn Milne** sits, waiting for somebody to come over and vote for the Homecoming King and Queen. Because of construction, this was the lowest turn out for the voting.

LAST MINUTE JITTERS: **Clarissa David** and **Jong-M Lee** make some final adjustments to their skits before t hearsals in the upcoming skit. **Clarissa** is a devoted ban member and is also part of the JROTC drill team whi **Jong-Mi** also participates in tennis.

ATTENTION, PLEASE: ASB Vice-President **Lou Rivera** makes all the necessary announcements to the student body before assembly began. Besides her work in government, **Lousanne** is also head of the varsity cheer leading squad.

UH-OH: **Jeremy Lang** prepares to cut-right, keeping himself away from the players of El Cerrito. Although they lost the Homecoming to El Cerrito, **Jeremy** was still able to lead the Jets to a victory during the annual "Island Bowl" game against Alameda.

FIRST-RATE SERVICE: **Cristy Sotello** gives **Alison Dea** and **Sandy Seto** the necessary utensils before being served their plates of rigatoni. This event was the biggest fund-raiser for our class.

BREAK A LEG: **Eugene Asuncion** and **John Cho** give the well-dressed Flappers **Alanna McKean, Melissa Whittemore** and **Feliza Cruz** some encouragement before they are due to perform in the assembly.

Big upset

Seniors, Varsity lose in Homecoming

*WHAT IS THE CHARLESTON: **Martha Chastin, Teresa Chi, Rose Kim** and **Lavette Wright** are perfecting their moves on the Charleston. Overall, the Senior class was only able to come in second place.*

HARD WORK ALWAYS PAYS OFF: The Freshman class show their determination to win by working to put together a first class and a first place hall.

CLASS OF 94: The seniors bring back the Roaring 20's during homecoming week as the senior hall is decorated with colorful drawings showing the way it was. Unfortunately, the seniors only came in second in this category.

WHAT'S WITH THE MASK: A team of spirited Sophomores show what Homecoming is all about by performing in the class skit. The Sophomores pulled it together and received third place for this effort.

WAY TO GO JUNIORS: Fish and seaweed make up the theme "under the sea" for the Junior class who came in third in the hall decorations during homecoming week.

*YOU ALWAYS HAVE TO BE SURE: Juniors **Tara D... Long** and **Jaclyn Irvine** make certain that all decoratio... are as they should be following their theme,: "Under t... Sea"*

HAY YOU GUYS: **Carl Duque** gives **John Anderson** a hand, making sure that he does not drop all the hay while bringing it in to the freshman hallway during the Homecoming decorations.

FINAL ENCOURAGEMENT: Varsity football player **John Crum** is led up the steps by varsity cheerleader **Sophia Ford.** Each player passes on a rose to their cheerleader as a symbol of thanks.

WAY TO GO: Encinal's Varsity cheerleaders move to their favorite music. Led by **Lou Rivera,** the cheerleaders practice two hours daily in order to perfect their routines.

HOMECOMING DEFEAT: Encinal's Special Teams members **Kareem McFarlin, LaRue Anderson, Robert Hamilton** and **Jeremy Lang** make a last effort attempt to prevent El Cerrito from scoring a field goal, but to no prevail. The Jets lost this game 26 to 14.

ARCHED SALUTE: Led by **Glenn Dennison,** the JROTC drill team marches with stride towards the front of the assembly, waiting for the Homecoming court finalist to be announced. The drill team practiced for 3 hours daily to make sure that all is correct when the time comes.

GIVE ME A HAND: Freshman **Alexia Esteban** gets a little help from a fellow classmate who gives her a piece of tape to help put up the ghostly cobwebs. They beat out the rest of the classes in the hall decorations but was last overall.

AND THE FIVE FINALIST FOR QUEEN ARE . **Hyacinth Carcallas, Andrea Fernandez, Lisa Fernandez, Nichelia Tramble** and **Nichelin Tramble.** This was the first time in history that four out of the five female finalists were twins.

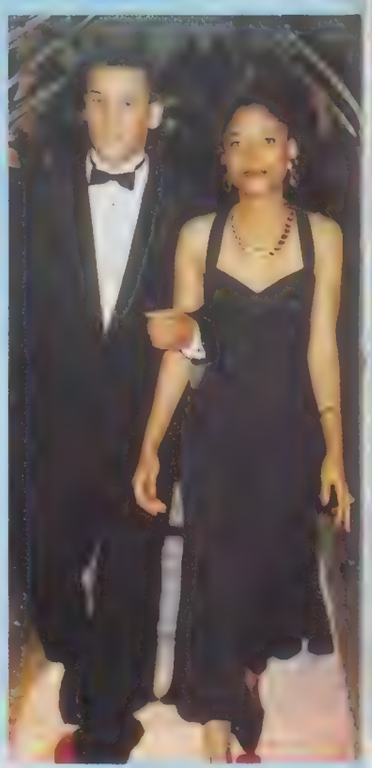
AND THE FIVE FINALIST FOR KING ARE . . **Jeremy Lang, Robert Hamilton, Robert Bresler, Eugene Asuncion** and **Edgar Aguilar.**

AND THE WINNER IS . . . : **Nichelin Tramble** and **Robert Hamilton** receive their place in Homecoming history as king and queen. They were announced as winners during the Homecoming dance and danced the first dance of the night.

TEARS OF JOY: **Eugene Asuncion** tries to comfort **Nichelia Tramble** after they were announced as the First runner up.

KEEPING THEIR COOL: Second runner up **Robert Bresler** walks down the red carpet with Third runner up **Lisa Fernandez** during the announcements of the king and queen at the Homecoming assembly.

SMILING FOR THE CAMERA: Third runner up **Edgar Aguilar** walks casually down the aisle with princess **Hyacinth Carcallas** in hand. These were two of the five finalist of the fifteen that were nominated.



WHAT AN HONOR: Prince **Jeremy Lang** walks under the arches of the JROTC drill team with **Nichelin Tramble.** Instead of receiving crowns, the prince and princess got plaques with their pictures and engravements on it.

ACADEMICS

Time To Read

Learning for Life

Four years of English! That's right, Each year had something different, something to help you understand the real world out there.

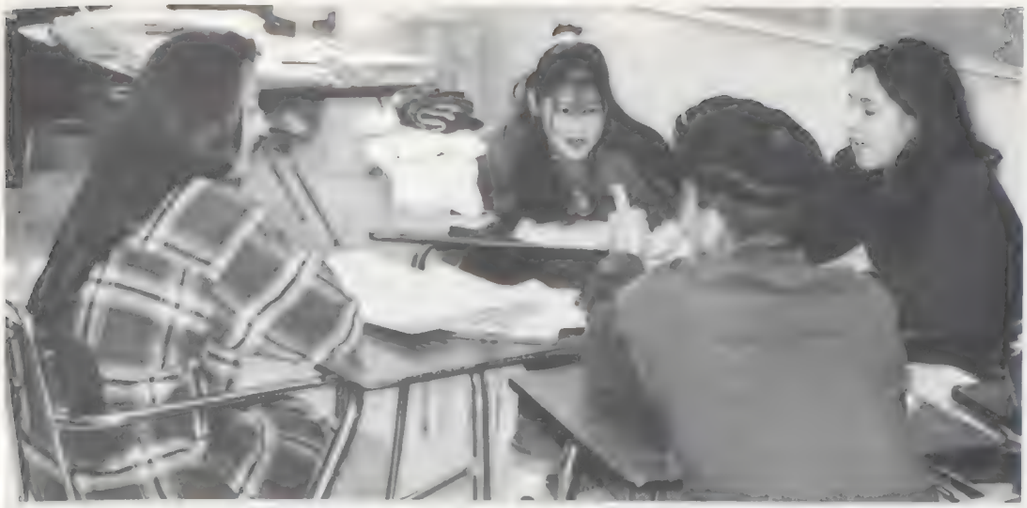
The Freshman agenda included novels such as To Kill A Mockingbird and The Pearl. They also read plays like "The Tragedy of Romeo And Juliet" from Shakespeare.

The Sophomores read literature from Shakespeare also. What they read was "Julius Caesar" and "Merchant of Venice." Some other books from the Sophomore list included All Quiet on the Western Front, "Medea," and Diary of Ann Frank.

The Junior year was a bit more important. They didn't just read books, they also had to study for the SAT. Juniors mostly read American literature like The Great Gatsby and The Scarlet Letter.

Finally, we get to the Seniors. A more British style of writing was included. Books like "Hamlet," "Macbeth," The Chosen, and A Separate Peace rounded out the Senior year.

There was also the Public Speakings Class developed by Mr. Norm Robinson. Debates and informative speeches are often given at local lodge meetings.



Senior **Beatrice Sheard** *confidently heads up to the front of the room to read his report in Mr. Mark Wainwright's English class.*

Seniors **Rose Kim, Teresa Chi,** *and* **Lisa Fernandez** *pay close attention as* **Matt Wong** *tries to express his point of view during AP English.*

Carlita Voelim, Tareq Kohgadai *and* ***Hoa Cao*** *along with the rest of the class head up to the front of the class to reenact scenes from "Romeo and Juliet."*

Nichole Clott, Rosynna Villanuev, Rico Melangco, *and* ***Janice Guzman*** *all search for the answer in the book.* ***Troy Zeno*** *has his own way of searching for the answer.*

How would all the things you've learned in History help you in the future?

"I think the accomplishments and decisions you make in the future will have been through the past which you've been educated on."
-Eugene Asuncion-

"It will help me with my college future and then with my parental future."
-Tamika Bennett-

"I don't think it will help me, I just know I'll graduate because I took it."
-Wyman Toy-

"The History I have taken will help me make better decisions."
-Cameo Osoimalo-

"I think History will help me understand the way things are today because of the things that have happened in the past."

Time, Place

Making History

History does not come easy to some people; so many people spend long hours studying in the library, in class, or writing a research paper until the early hours of the morning.

What class is harder than the others? That depends on which one you take. If you were a Sophomore, you would have taken World History from Mrs. Skala, Mrs. Nelson, or Mrs. Davis-Martin and learned about the situation in South Africa and the Cultures of the Chinese Empire. If you were a Junior, you would have learned about WWII, FDR's New Deal, and the Progressive era in U.S. History taught by Mr. Winberg or Mr. Feinstein. A Senior would have studied the Constitution in Government or The Federal Trade Deficit in Economics taught by Mr. Evans, Mr. Schmitt, or Mr. Capling. Each class has a different challenge. We have acknowledged the fact that history is in the making and it will last a life time.

Tap Duong is busy taking notes in Economics while **Kareem Dright** tries to catch up on his sleep.

Mr. Winberg lectures his students about U.S. History and its importance to the past and present.

Brennan Valenzuela and **Jason Trascher** try to stay awake while listening to one of Mr. Evan's intelligent U.S. Government lectures.

How much do you think Math will help you in your future?

"I think Math will help in everything you do. Everything requires calculation one way or the other."

— Angela Lee —

"I think it will help a lot. You use math everywhere you go, and besides you don't always have a calculator with you."

— Wyman Toy —

"It will help you get a really, really, really great job. Other than reading, math is an essential for life."

— Wing-Wah Leung —

Mr. Jerry Ludy *pretends to look through his binder, but what he is really looking at is his own cartoon tie.*

Cathy Dodge *prays that her pen will not run out of ink in the middle of her Geometry quiz.*

Life Skills

Preparing Math Geniuses for the Future

From logarithms to trigonometry, all of Encinal's math students labored and studied their way to mathematical mastery. Led by an outstanding core of teachers, minds were being molded into analytical, problem solving machines.

Twenty-eight brave students took on the horrors of AP Calculus. Under the guidance of Mr. Knights, this group of Jets tackled limits, derivations, and integrals. The things they learned were difficult to grasp, but nevertheless they tried to master the subject and frequently succeeded.

Math Analysis was taught again this year by the eccentric Mr. Rebensdorf. Affectionately referred to as "God," he used a unique style to teach, among other things, what $\cos^2 r + \sin^2 r = 1$ represented (a circle), and what the word orthogonal meant (perpendicular vectors).

Algebra and geometry were taught collectively by Mr. Knights, Mr. Rebensdorf, and Ms. Macy. Word problems and proofs were main themes, forming the foundation for the more advanced classes.

Freshmen and sophomores were enrolled in the Interactive Math Program. With the aid of graphing calculators, the underclassmen left the traditional approach of learning math. Instead, they emphasized mathematical reasoning by solving different problems.

Regardless of what math class was taken, each student obtained invaluable skills for the future. The math learned at Encinal would be part of the basis of getting along in life.

Men of Science

Science ... What is it? For most it is just a requirement for graduation. Two years of science are needed, one year of physical science and another year of biological science.

But after those two years, why do students even bother taking any more science classes? Science by definition is the procuring of information through observing and studying things. Scientists are driven curiosity. So, maybe the students are curious about their surroundings. But most likely the students are taking the science class to make it look good for the college they are going to apply to.

What science classes does Encinal have to offer? There is Marine Biology, where students learn the wonders of marine life with Mr. Jon Medeiros. They could learn how living things work with "Abro" in Physiology. If students had Miissteerr Wilson, they would have learned the joys of physical science. Mr. Roger Wilpitz on the other hand has brought something new with his rendition of AP Biology. Last but not least they have the hardest working man "Nels-dog", Mr. Al Nelson. With this MAN, students make them compounds and mixtures in Chemistry and study the forces within the earth for his Physics class.

When it comes down to it, science is for the curious. And if you're curious here at Encinal, you'll enjoy learning with these "men of Science".

Are you planning on going to any country to practice what you have learned in your foreign language class? Why?

Yes, I want to. So I could learn how to speak Spanish better.

-Sophia Ford-

Yeah! When I started taking Spanish, I had always planned to visit Spain. Hopefully some unsuspecting college will donate to my cause.

-Kareem Dright-

Would you advise other students to choose foreign language as one of their classes? Why?

Yes, I would because you would learn other ethnic backgrounds and more about their culture.

-Jaime Loto (Spanish 1)-

Claro que si! Students need to broaden their horizon and explore different cultures in order to integrate more in today's diverse society. Being knowledged in different languages is a useful tool, and since we have the resources and the opportunity, why not use if?

Jong-Mi Le (Spanish 4-5)-

Yes, maybe in the future I'll go to France to visit and so I COUld practice my French. Maybe some day I will also live in France because I love it.

Hola Amigos

Choosing the Future

Can you say hola como estas? or comment-allez vous? Well if you can, you are all ready to party in any country of Latin America or France. This year foreign language classes are a little more popular than last year's, thanks to the dedication and hard work of our teachers.

In Spanish 1, 2, and 3 students learn the basic communication developing expanded vocabularies; while Spanish 4 and 5 emphasize oral pronunciation. Short stories are also read and discussed. The people in charge of teaching these classes are; Ms. Jean Rubin, Ms. Keri Spaulding, Mrs. Maria Sanchez-Wright, and Mr. Earl Rivard. Also French 1, 2, 3, and 4 emphasize on increasing oral communication skills; these classes are taught by Mr. Glenn Fong.

All foreign language help to develop the Spanish and French skill of listening, writing, and reading comprehension. Also the use of material provided develops the appreciation for the culture of the country, whose language they are studying.

The experience of foreign language classes allow students to participate in classes that eventually will help them in their future. The best part of this program is that Encinal's foreign language classes satisfy the University of California entrance requirements.

Starting Anew

Acquiring a New Language

Learning a new language can be devastating. That is why English as a Second Language is such an important program. This program includes subjects such as: English, Math, History and even Science. Students also help others through the peer tutoring program, which was held for one hour after school 4 days a week. The advisor of this program is Ruth Romero-Avila.

"The peer tutoring program was developed out of need. Every year we have many new immigrants that comes to the US and enroll in EHS. They come to a prior knowledge. As they're learning English, we are attempting to keep the learning process going. Therefore, EHS is the recipient of a Title VII grant. It is a bilingual education grant which helps the student achieve in content areas, such as the focus of the grant which is history and social science."

Time for art

Creating the Future

Encinal High School was blooming with artists this year. From drawing to the hand building of clay, students expressed their special abilities through the arts.

Mrs. Rachel Stern, the department head, along with Mr. Warren Haber and Mr. Robert Ruark helped these students explore the world of the arts. These art classes are not just about drawing, they also discover the origin of their particular art, whether it be ceramics or arts I, II, or III.

In the art classes of Mr. Haber, the yearly project of the students was to make papier mache masks. Students had the choice of the shapes, sizes, design, and color of their particular mask. So student could choose to make their masks as personalized as they pleased.

Many students in these classes did a variety of different projects. In the different art classes students can enjoy drawing, painting, and many other uses of the arts.

Year after year students return to these art classes to enjoy their use of the art skill they have and to learn to improve the skills that they already have. Who knows maybe you have some hidden artistic talent just waiting to be unleashed.

As a Drama 2 or 3 student, why did you decide to join Drama again?

"I enjoy releasing my stress through acting."

-Marriaha Lucas-

"Good question. I enjoy acting-and because I was under duress when I made the decision."

-Peter Major-

"I decided to join this class because I didn't have another class to put in my program. I like acting."

Dramatic Moments

Acting For Fun

Drama class is more than acting, it's energy, power, a chance to be creative. Drama class, led by Mr. Moorhead, had to be divided sometimes this year, because Drama 1, 2 and 3 students had different assignments. Drama students had a great time watching Drama 2 and 3 students and trying to learn something from them. They practiced pantomime and improvisation and memorized monologues or scenes. Mr. Moorhead also knew how to have fun and entertained his students with exciting games to relax a bit.

Mr. Moorhead's class helped students to overcome their shyness and to interact with other people. Some of them learned that thy have a talent for acting they never knew about. Slipping into a character not only meant to learn the lines, it also meant to forget about anything else and to be the character.

Drama class this year also thought about problems in our society, and although it turned out funny sometimes there was always a deep thought. Mr. Moorhead made his students think about "prejudice", and the result of intensive discussions was a play that the students performed in their classroom.

So Drama is not only a chance to have fun, but to make you think about important problems. Join it!

Rhythms, Vocals

Making Music Count

Band is an educational class that opens one's mind to music such as jazz, blues, and rock and roll. Mr. Phelps the man in charge has been a band and choir teacher for the past 14 year. Mr. Phelps says, "Overall when I think of the year, the word fun comes to mind. I'll miss this group of seniors. They have been a fun group."

Choir is another part of music. Choir is for those who love to sing and express their feelings with their natural god-given instrument. Along side the marching band or sometimes leading are the always beautiful flag team. The flag team is an all-girls team (men are welcome to join). The flag team combines beautiful, elegant, and physically demanding dance steps to today's and yesterday's music.

Mr. Phelps teaches all fields of band, 0 per. Jazz, 1 per. Choir, 4 per. Beginning band, 5 per. Intermediate band, and 6 per. Advanced band, marching band, and flag team. Marching band usually practice for parades and Homecoming and the Big Game. Jazz band and choir usually hold concerts in the evening for parent, friends, and relatives. The flag team often lead the marching band in parades and during half time of football games. Flag team only has one competition a year, this is called Winter Guard. The flag team travels to several other schools to compete, sometimes to places as far Foothill where they took second place this year.

Issues
Deciding For Life

Current Life Issues, is this class really needed? This question is asked among many students. Current Life is a semester class taught by Mrs. Chris Dea and Mrs. Janie Freedman. It is a class where students learn about what issues and values affect the world we live in today. It seems as though when each year passes, life just becomes more confusing, with more unanswered questions. Current Life is a class where students learn how to cope with today's problems, such as drugs, alcohol, and abuse. But it doesn't just show the negative side in life, it also shows the positive side. By emphasizing valid decision making, it gives students the extra push of making it in life. This class lets students take time out to think about their futures and where they want to be. Current Life Issues also teaches students about family life. Current Life Issues is a graduation requirement that gives you hope for the future.

They would also get the self-appreciation to know that something they wrote was printed in the school newspaper. Also they would get their own name in the paper.

The Jetsetter staff was led by Editor-in-Chief, Anthony Chu. Of course he had help from his Co-Editors Cristie Creadle, Eugene Asuncion, and Wyman Toy. Also lending a helping hand was News Editor Shirene Bell. And what's a newspaper without pictures. That's where David Eason comes in, Photography Editor. Money Talks

Getting Down to Business

This year we celebrated the arrival of the new business wing, With it came the usual business courses: drafting, keyboarding, computers, accounting and word processing.

Word processing was all about speed and accuracy. Students who took word processing usually had some knowledge of typing but wanted to improve their skills. Accuracy along with speed were drilled into students as they practiced day after day.

In drafting accuracy was also important. Taught by Mr. Eugene Ford, students learned the basics of blue prints and how to draw and read them. Along with this came the chance to design their own buildings.

In computers students learned how to perform simple commands, functions and short cuts in DOS. They also learned how to use some of the more widely used programs including Word Perfect and Basic.

Lastly there is accounting, this is where students learned how to balance a check book and keep track of their own finances.

Let's face it, no matter where you go, you will need some sort of business skill, so for these students getting that little extra head start should really help them out in the future. No matter what they do.

Outstanding Work

Wood, land and auto

Working abilities

Wood Shop is an elective class taught by Mr. Ford. This class is based on wood craft and carpentry. It is a great class that allows you to master wood working skills if you have the experience or not. The students get the skills to make jewelry boxes, cutting boards, step stools and bigger things like cabinets and tables.

Landscape construction started off with many problems due to the inability to find a permanent teacher. But all this went away when former EHS teacher, Mr. Larry Carpenter, was hired. This class deals with the planting of trees and raising of animals. It can teach the students the things they need to get into the Agriscience or Landscaping industries.

Auto Shop deals with the insides and outsides of the automobile. These students get the hands-on experience they need to keep autos running right and without problems.

With the experience the students of Encinal receive through these Regional Occupational Programs, they get the necessary "hands-on" experience needed to make it in the future.

Medals and Ribbons

Learning Life Through Experience

This year's ROP classes were soaring. In marketing, the students worked very hard for their medals and ribbons that they won at the Naval-DECA competition at the Marriot in Sam Ramon. Among many medal winners were Jacob Adina, who placed second in Northern California with a score of 98 out of 100 in the Quick Serve Area. Cristy Sotelo and Tap Duong both placed 1st in their respective area while Eugene Ascuncion and Jason Wong both qualified for the top six in the area of vehicle and petroleum.

In Child Development classes, students had hands-on experience in how to take care of children and to understand them. The skills they learned will have helped them later on in life.

Mr. Brandon's class was really cooking this year. Students learned to make many different kinds of dishes, some of which were used to sell during lunch on special occasions.

All and all, the ROP classes seemed to have an abundance of spirit which made the year of 1994 so memorable and give all the students the help they will need in their life-time.

JROTC Cadets

Marching to Success

The Junior Reserves Officers Training Corps program is back after last year's budget deficit threatened to end this 70 year-old tradition. JROTC is offered as class periods and the students enrolled in the program learn the basics of drilling, military life, and teamwork. This year's Jet Battalion went through a lot of changes in the organization and the program. Nevertheless, the cadets participated in many activities and field trips.

In September, the cadets were introduced to the program and were issued uniforms. They got a quick lesson on hold to shine their shoes and polish their brass, and practiced looking their best for weekly inspections.

In October, the JROTC students took a field trip to the NAS for a Blue Angels presentation. After a morning orientation at the theater, the cadets got a tour of the flyers, including "Fat Albert." After lunch, they looked up in the sky to search for these Navy planes as they practiced for Fleet Week '93.

In November, the annual Turkey Shoot fundraiser helped JROTC raise money for activities. The LET 1 cadets participated in the 10th Annual Skyline Drill Meet, where cadets competed against the Oakland Battalions.

From December through January, the Battalion practiced for a major inspection by Brigadier General John N. Daily, commander of the 4th US Army ROTC region.

In February, JROTC sponsored a Military Ball in Oakland. With the Oakland Battalions, the cadets got a cruise and a dinner aboard a boat. It was a fun night.

In March and April, the cadets geared up for the annual physical fitness test. The students did pull-ups, sit-ups, shuttle runs, mile runs and competed against each other for the best cadet in the physical fitness category.

The winner in that category, and the winners of best cadets, best platoon, best company and many other awards received recognition in the battalion awards and competition night held in May.

At the end of the year, the cadets had a pizza party, celebrating the end of the year and talked about next year's ROTC.

The EHS Drill team and the rifle team performed and competed throughout the year. The Drill team went to L.A. this winter for their first performance.

Through the year, the cadets learned map-reading, rifle marksmanship, first-aid, obedience, and most importantly, Leadership — as the jet Battalion Motto says, "Leadership Excellence starts here."

Jet Play

Breezin' Through Courses

Yet another year of physical education for the underclassmen. There is a requirement of two years of P.E. for all students before they are able to graduate. "Not a bad deal," most students would say. Students like the idea of playing during school time and receiving credit.

This year's P.E. teachers were Mrs. Debbie Budd, Coach Dave Johns, and Coach Jim Saunders. There was an array of activities done in physical education which included swimming, tennis, weight training, football and others. Construction was nearly finished so access to the gym was much easier, unlike the past year when entrances were blocked off. Activities were rotated throughout the school year. Teachers had their own different sport so that they didn't conflict with each other's daily routine.

When students were asked which sport was liked best, they responded, "we like all the sports, it wouldn't be any fun if we played the same thing for one year." But the one activity that most students didn't like was swimming.

Our Future

Leading The Way

From Homecoming madness to Graduation preparations the elected members of Student Government are always on their feet. Whether revising the school's Constitution, preparing assemblies and rallies, or just making posters, these students worked hard to provide the best for the Associated Student Body. With new Advisors Ms. Linda Kingston and Ms. Monica Egbert came the guidance for which helped us survive this year of great change and hopefully for many years to come.

New Families

Beginning Of A New Year

The Art Family is the largest family of all. After much planning because there were so many students, the administrators finally arranged a field trip for them. On March 11, 1994 the Art Family went to our state capital Sacramento. They visited two museums and looked in parks to draw sketches. The primary courses in for the Art Family are Art, Science, English, and Math though most emphasized is art. In art they draw, sketch, paint, and work with clay among other things. The teachers say that the students are very enthusiastic and see some future Leonardo's in the making.

The Drama Family is just one of three families here at Encinal. The Drama Family studies performing arts both past and current. They make their own skits and act them out in front of each other. They like being able to express their feelings and emotions through this process. The main point teachers try to teach them is to act and express themselves. The Drama Family has gone to see the "The Nutcracker Ballet" at the Oakland Paramount.

The History Family is the second largest family. History is mostly about events that happened in the past and in different cultures. Some students think History is hard and some think it's a piece of cake. They've been on many field trips and have done many projects concerning interaction of peoples and cultures.

The freshmen sit and stick together in assemblies and show that they can work together all year long.

Learning the System

Think of your self going to school with your family, having the same people in each class for four periods. The 10th graders have a family system most like that to a certain extent Some say it's cool because you get to know more people being in the family, but sometimes it gets a little boring.

Students like Roy Zeno and John Lee think that the 10th grade family needs a little helping out because some students didn't make it last year. They seem to think that the family system isn't working because of the way they have it set up. The family classes consist of Modern World History, English, IMP Math and Science. Each class is grouped heterogeneously, different ability levels all in the same class. Because they need to meet graduation requirements, they feel that they should be put at a level in which they can be taught and understood, not just rushed through the different subjects. The family classes, however, do allow for blocking longer class periods as needed to cover any unit of study. All four core family classes are somewhat interrelated. Connections are made that not one class stands alone, but all subjects should be connected with other learning.

Sophomores selected their learning families. Some families you are born with, these families were chosen. No divorces or stepchildren, but aunts and uncles often visit. The commitment to group learning is strong here at Encinal. When the program is worked out to most students' satisfaction, this concept could be well worth your participation.

Entrepreneur

Marketing Skills

This year was the first year of the new program Business Academy. The Business Academy consists of about 50 Juniors. The teachers of the Business Academy are Mrs. Connie King, Marketing; Jerry Ludy, Math; Mrs. Heather McCracken, U.S. History; and Mr. Mark Wainwright, English.

The Business Academy will continue to be a program at Encinal that students enjoy. They had monthly field trips and did many other exciting things, such as having the opportunity to participate in DECA club and to work in the student store.

The Business Academy classes were scheduled in the first four periods of the day. It was a two year commitment. The students participated in an integrated program, one which linked their study of English, Math, U.S. History with their interest in the world of business with the help of Mrs. King as the Marketing teacher.

The best thing about this program was it gave students the opportunity that they normally wouldn't get in traditional classes.

How does the Business Academy differ from the other Academic classes?

"You get to do more exciting things in there and don't just learn the same boring things over and over again."

-Jon Peralta-

"All of our four classes are linked together so everything you learn is related to all four classes."

-Chris Daniels-

What is the best thing about Business Academy?

"The classes are easy to get good grades in and the field trips are fun."

-Darlene Stevenson-

"All of my friends are in there and I get to see them for 4 periods."

-Alex Woldengabriel-

Juniors All Grown Up

Coming Through and Striving For the Best

The Junior class this year strived for the best and accomplished the most. The class of '95 came back this year with a strong positive attitude. They started the year off good with their most joyful spirits and most imaginative minds. That brought them a great homecoming skit and the #1 spirited class of the school.

This year many students participated in the skit with the theme "The Pirates". The Juniors did an unbelievable job on their hall decorations, making it an imaginable dream come true. This was definitely a homecoming week they'll remember. Class president Michelle Pangilinan said she'll never forget that day and that our class did a good job. Michelle was hopeful that our high spirits would help us achieve the money that we need this year.

In the past couple of years we started off in the "just kicking-it" mode. But now we all realized that we need to start doing our best and getting ready for the real world. This year many students were taking, or were already taking the PSAT, and next year even more would be taking the SAT. This year was the year that almost everyone realized that they were becoming young adults and decided not to goof around everyday. But don't study too hard because everyone's gotta kick it once in awhile.

The Class of '95 had only about 235 students in it. We were the smallest class in the school; therefore we should all stick together as one big family. We only have one more year to go at Encinal. Let's make our Senior year the best and be good leaders for the following classes. Let's show them what spirit and fun is all about and that the class of '95 is really #1.

Always remember that if you want to be the best and achieve the most, you have to work hard and strive for it because it won't come to you, you have to go to it yourself.

Since the year of '92 when we all first walked into the halls of Encinal as underclassmen, we have all grown together and have gotten much wiser. We realized we are the future,not just the present. So always keep in mind to do and be the best you can be no matter who you are or what track you may take in life. Always strive for the best. Good-Luck, Class of '95. We wish you the best.

Time To Rebuild

Good Now, But Future Awaits

This year the Encinal Jets Football team had one thing on their mind: To earn respect from other teams, coaches and the whole East Bay community. For two past seasons the Jets were known as a losing team, but the odds are turning around for the Mighty Jets. This season was truly a good one and not just because we weren't in second-to-last place. The season was used to rebuild a great team. Many under classmen were moved up to the varsity team in order to let them experience the fundamentals of competition to ready them for up and coming seasons.

Though the Jets did not place in the championships, the season was a success. With a record of three wins, four losses and one tie in the league, it was a great improvement from past seasons. Wins consisted of the anilihation of the Alameda Hornets; our cross-town rivals, thus granting us bragging rights for another year. Albany High is also one of trophies and also the stomping of Kennedy High School.

Then comes the subject of losses. "Losses were not earned by other teams." replied Head Coach Jack Schram. "Most of our losses were gifts to other teams." exclaimed a few of the Jets. Many of the Jet's opponents felt the power of Encinal's defense. The long time hated rival, Bishop O'Dowd underestimated our team. The fall of the Dragons was in the grips of the Jets' hands, but the Dragons held it just a longer for the win. Twice in the game the score was tied and in the first half held O'Dowd to minimal yardage, a great effort for the Jets.

All in all this year's season was not too shabby. With all the talented underclassmen playing again next year, you should be able to expect a great team. Don't forget the seniors which help to mold the youngsters and taught them the meaning of JET PRIDE. Next season shows high hopes of being coliseum bound, so look out for THE MIGHTY, MIGHTY JETS.

In football, lots of changes happen. Changes in plays, changes in players and changes of records. But one thing that won't change is the E.H.S. J.V. Football team's coach, Mr. Don Grant. Coach Grant has been coaching the football, track and basketball teams for twenty years and says that he can't compare this year's J.V. team with last year's football team. He says he enjoys coaching. He helps develop every J.V. team, tries to win as many games as he can, and gets them prepared for Varsity football. Coach Grant said he had a chance to coach college football, but he didn't, he enjoys coaching high school. He says that they have good learning abilities. Plus, college teams know all the schemes. That gives Coach Grant a chance to teach his J.V. team more plays.

They started their season against a powerful competitor, San Leandro. Although they played valiantly, they were defeated 6-12 by a last minute touchdown. That started a downward slump. They lost 6 straight until the big J.V. game against Alameda. Running back Shamond Brooks scored 3 touchdowns to aid the J.V. to their first win. They finished their season 2-8, by defeating Albany 12-0.

The Baby jets started their training early. They practiced long and hard, running and smashing into each other as well as learning all their plays on offense and defense.

They were trained by coaches Bill Harper and Williams who came every Monday through Thursday to show them how to play. The Baby Jets started the season with a blast, winning their first two games by an average of 14 points and ended it by beating Alameda in an incredible defensive game of 40 points to 8. They lost their last game against Richmond 14-8, finishing the season with a 4-4 record, which was pretty good considering all the struggles they had to overcome.

They were disqualified for two games because one of the players was ineligible to play because he lived beyond the Encinal border. Another was injured and couldn't play for the rest of the season. The freshman team overcame these and gave it their all. Encinal should be proud. After the last game, they turned in their uniforms and equipment to the coach for the next year's new Jets, just like every other year, walking out of the locker room waiting to play again next season, for the All-Mighty Jets. Best offense-Barry Ford; best defense-Alvin Leota; best lineman-Sergio Lopez; most improved-Eric Stephans; most inspirational-Don Tostevin; M.V.P.-Johnny Green.

Back row-John Anderson, Robert Motton, Quentin Elder, James Leaver; Second row-Obie Azami, Ennis Washington, Padrell Alexander, Al Sue Sue, Willie Johnson; Third row-Chris White, Marcus Sillers, Coach Chuck Feheley, Coach Jeff Stuart, Trung Khuu, Mark Moore; First row-Ace Romero, Jaweed Naweed, Shamond Brooks, Roy Zeno, Jimmy Loto.

Encinal celebrates the winning of the League championship in proper fashion as ***Randy Romanoff*** *and the rest of the Jets dunk* ***Coach Cvecko.***

Encinal's JV team had a spectacular season this year. The Jets scored big against many teams and had respectable finishes in the two tournaments they competed in. Led by Head Coach Ed Blum, the players from this team should be a big part of the Jet Polo program for seasons to come.

From left to right: the 1993 Encinal Junior Varsity Water Polo Team: (bottom) Charles Scanlon, Andrew Hunter, Durell Flood, Kevin Gordon, Bayani Flores, Hasan Lengel, and Sid Florendo; (top) coach-Ed Blum, Jung Yi.

Simply The Best

Making Shots That Count

With a varsity squad retaining all but two players, this year's water polo team figured to be stupendous, which it was.

The season started with the team playing in the Novato Tournament, winning three of five games. Two of the victories came in double and triple overtime, and the third was a 6-5 victory over rival Alameda. It was the first time that Encinal had defeated the Hornets in water polo.

A month later history was made again. The Jets defeated, among others, Antioch and Cardinal Newman to finish in first place at the De Anza Tournament. No other team in Encinal history had achieved such a feat.

Heartbreak followed for the Jets when they took on Pinole Valley and Berkeley and lost both games by less than two goals each. The squad got back to their winning ways however, with a 21-12 thumping of Novato and an upset victory over California High.

The Alameda Hornets came calling next, but "in-your-face" defense and timely shooting sent them whimpering home. The 13-5 victory was the second over Alameda since the season opened.

However, bragging rights were not really to be had until the ACCAL championships where wins over Benica and Piedmont, as well as another key defeat of Alameda, led to the Jets receiving the well-earned League Championship. This was the first time in Encinal history that the Jets had done so well at League.

Disappointment awaited the Jets at Northcoast Section Championships where the Jets, seeded ninth (the highest seeding ever for Encinal), lost three of four games to finish twelfth. All three losses were heartbreakers, lost by one point each. The win was another butchery of Alameda.

All the members of this ten-man team were instrumental in creating the winning season and had fun in the process. Overall, the teams of the future will have great difficulty matching the accomplishments of Jet Polo 1993.

"CHAIRS!!!" cry the Jet Polo players in early morning training. The chair drill was only one of the many subtle forms of torture used by the coaching staff.

David Silva *demonstrates the proper technique of "quick stroke", a method of defense that flusters the attackers into making a poor pass which could be stolen.*

"Last year's team was a good team that played well versus great teams. This year's team could beat those great teams."-(Randy Romanoff)

"This year's team's best ability was to observe the opponents play, and, from that, derive a weakness. Triumph would then ensue through the exploitation of that weakness!" (David Silva)

How would you describe the 1993-1994 volleyball season?

"The season had a slow start mainly because we all tried to play individually but then we all ended as a team."
-Liza Cruz #16-

"This year's team played well through out the season and next year's team should be equal if not better."
-Coach Orin Hasal-

How do you feel about being on the team?

"I enjoy being on our team because every player gets along and when we play it's fun."
-Lisa Fernandez #3-

"Well, for me it's really nice to represent our school in such a good sport as volleyball, I really feel satisfied."
-Jessica Castillo #26-

What aspects of the game do you like?

"I just like spiking the ball when Juli #10 sets the ball into Bishop O'Dowd's volleyball players."

Spiking, hitting, diving, digging, setting, etcetera. What in the world am I talking about you ask? Well, as you probably know by now I'am taking time to document our Lady Jets year in Volleyball-review.

The 1993-1994 season for our Lady Jets was more than just another year. It was a year in which keeping our athletes healthy was one of the key principles and having an organized team was to be crucial. Through adversities our Jets played even harder than ever before and through perseverance our Jets became one of the most deadly opponents in the ACCAL.

With returning players Captain Lisa Fernandez, Co-Captain Teri Schmitz, and last year's All-Leaguer Rizalyn Esteban, our Jets had the basis for another good season. In addition to the Veterans including Judalon Winstead, our Jets basically had a new Varsity line-up. Seniors Julissa Castillo, Jessica Castillo, Pamela Sanchez, Liza Cruz, and Junior Kim Sablan were major contributors to an already established Varsity team.

This year's Junior Varsity Team also had a successful season as this young team exceeded all expectations bestowed upon them. Team work, determination and plain old Jet Pride got this team through tough and difficult games. Captain Sally Sanchez was the only upperclassman of the team as the majority was composed of mostly Freshmen and Sophomores.

With a young rising team like the ones we had this year and the experience they garnered from our Veterans, next year's team should be aming close to a Championship Title. GO JETS!!!

Why do you put your effort into Cross Country?

"Because I get a lot out of it."

-Jacob Schleininger-

I love running-and there are people out there I want to do well for. Plus, I feel it's better to focus on one area instead of spreading myself thin."

"I like it because we don't run around in circles like track."

-Amy Yuen-

"I like the closeness of the team and the fun we have at practices. The coach is also a part of it. Abro knows his stuff and can apply it to running. He makes cross country fun and non stressful."

Runaway Jets

Pulling out a victory

This year's Cross Country team started the 1993 season with high hopes and lots of excitement. With the coaching of science teacher, Mr. William Abromitis, this team was able to overcome one of its biggest problems this year, lack of runners, and get some of the runners into the ACCAL finals.

The team had a total of 16 people run the J.V and Varsity teams. They had some trouble getting enough runners in the games since they had to have a certain number of people for each team. But even with all the problems of getting it done, they were still able to win 80% of their meets.

Senior Jennifer Schleninger and Junior Mary Malone were able to beat all others and make their way to All-League. Jennifer was also able to make it to the Meet of Champions.

But even though all its hardships, this cross country team will give others a run for their money next year.

***Carrie Powell, Jose Voellm,** and **Smiley Brown** check out their route before a competition. This is a routine exercise.*

Although Encinal's girls runners have a hard time to challenge the other team, they show their nice smile all the time. "Here we come!"

*"Oh, no-another forty-five degree hill!", exclaims **Daniel Millet-Lau** and . . . goes for it.*

"Tennis is always hecka cool, but the best game that I played was my Junior year against Piedmont when I beat the guy with a sprained wrist. Playing (and winning) with a broken arm was pretty cool also! Try keeping up with me-Jack!"

-Daniel Nagy-

"Tennis is something that you really have to concentrate on, and it's not as easy as football players might think. It's divine."

-Christina Deang-

"Tennis is really a challenge and really challenging. That's what makes me try harder, especially when I play against someone that I played against when I was three."

-Camellia Millett-Lau-

"The first time I picked up a racket was the summer of '93 and after dedicating hours of practice on the tennis courts everyday, I was playing #5 seed by September. Proof that hard work pays off."

New Upswing

Rebuilding A Field Of Talent

Last year was a year of rebuilding for the Mens' Varsity Tennis Team. This year, the whole team was back and ready to contend for a title. The Senior trio of Chris Tam, Ruben Tilos and Dan Nagy were back with another year of experience under their belts. They took over the top three seeds. The only other remaining Senior, Ken Chiu, opted to team-up with Jack Tran to play on the team's number one doubles tandem. Success from these players can bring numerous victories from other returning players such as Ryan Haslam, Tylor Christopher, Tony Tran, Daniel Millet-Lau and Jonathan Escalada who will put the Jets closer to the title. Newcomers such as Darwin Seto, Andrew Bosanquet and John Mack will give the team the added depth that they need to keep the spirit of tennis going.

The Lady Jets of tennis got a great start in this year's fall season by winning their first match against Salesian. With a new year, new coach, and some hard working girls, they were able to shut Salesian out with a 7-0 score, winning all games.

Mr. Kevin Beal, the new coach, has been helping the girls with their form and power. Mr. Beal comments, "I don't teach them to measure their success by their win/loss record. I think it's much more important that you learn and improve, then rather you win or lose particular match."

Kevin was coach last year for the boys' tennis team. He says that coaching girls is different from guys because of their styles. The girls tend to have more fun, win or lose, and always have smiles on their faces.

This year's success is due to the team aggressiveness and strategy. Jong-Mi Lee, team captain and senior, (she has won four of her five matches) says, "We win a lot of games. It doesn't have to be physical, but in our minds we are always winners."

She feels that tennis is 90% mental and 10% physical. Jong-Mi tries to not only help her teammates with their game, but with any other personal concerns. This team has a real sense of togetherness and sportsmanship. At the end of the season, the girls won 7 games, not a bad record for this season and is certainly something to be proud of.

Great Talent

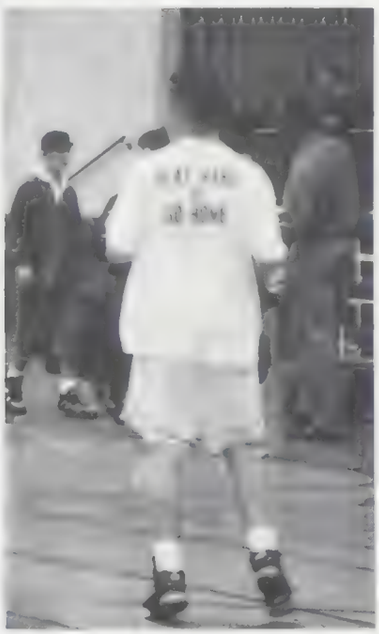
Never Holding Back

Encinal take a quick time out to review their next play, in hope of another great defeat.

***Deatrice Sheard, Jorge Enriquez** and **Eugene Cabrera** get warmed up for the exciting game.*

Coach Wainwright yells and hollers at the boys and tells them to start paying attention and get serious.

The Boys show their hustle and strength against the Alameda Hornets during the Big Game.



This year the "Boys of Basketball" played one of their best years, and next year will be even better.

Though the team this year was young and not full of a lot of experience, they played with more talent than the year before. While at practice you could always see them wearing their shirt and motto that they lived by the whole season long. Their motto was "Play hard or go home" and that's what they did the whole season.

Throughout the season, the coaches were very surprised and happy at their new and young players. The young players such as Shane Rivera, Eugene Cabrera, Jimmy Rollins, Zim Williams, Quincy Johnson, and Quinn Elder all showed great ambition and talent on the court. Jimmy Rollins became one of the leading score for the team. Eugene Cabrera added his talent for becoming a three point shooter. Shane Rivera was just an all-around player with talent.

Let's not forget the veterans of the team such as Jeremy Lang, Herb Taylor, Deatrice Sheard, Jorge Enriquez, Chris Campbell, and Shawn Babb. This year the team caption was Jeremy Lang. He and Jorge Enriquez both stepped up and became great team leaders.

The players said that the reason why they had a better season than last year's season was because the coach Wainwright promised the team not to yell at them as much.

Congratulations to the Varsity Basketball team they played a great season and next year they say that they're going to be a play off contending team. Good Luck next year!!

JV Basketball

J.V. Basketball team sets up their defense to prepare to block a shot.

He stops, he shoots, he scores! That's not how it has always been for the team. The J.V. team has had it's ups and downs during the season, but still had exciting one's too! The J.V. Basketball team is headed by Coach Feinstein. He's been coaching here at Encinal for 4 years. Their preseason record was 5-4. Their league record was 4-11 and 9-15 overall. As you can see, next year's team could do better. Coach Feinstein's way of improving next year's team is with experience. He says most of the guys were either freshmen or sophomores and I think the experience gained this year will really help them next year. He loves coaching the game of basketball. He says he enjoys teaching others to play the game. During the season, coach Feinstein says his team wasn't always perfect. He says that they've had more than their share of discipline problems. But by the end of the season their was a core of players who achieved the self-discipline necessary to be part of a basketball team. The best games of the Junior Varsity season were when they won the championship of the Fremont Christian Tournament over the winter break. Then, they came back from 8 points in the fourth quarter to win the rematch against Alameda by 10 points.

We were able to ask J.V. team players why they went for the basketball team. Here's what they had to say: "Because I like basketball, it's a sport I'm good at," Curtis Johnson. "Because basketball is my sport and I love this game," Mike Altera. If next year's team learns from last year's mistakes, watch out!

This year's freshman basketball team had a tough season. They practiced hard five days a week at seven in the morning but worst of all they suffered a four win fourteen loss season. They tried their best but just couldn't do it. Even though they only won four games the team spirit was always high and they did enjoy themselves at least Marc Halal and Joel Aquino.

Joel's favorite game was a game against Chipman when the Baby Jets killed them 102-56 and Marc's favorite was their first road trip an over time victory against Fremont. Their favorite things about basketball were going to a lot of different places and all the competition. As with many good things the season ended as fast as it had started and the freshman jets turned in their uniforms and hit the streets, practicing until next year to play again for the all mighty Jets.

J.V. team players with coach Feinstein sit on the bench while watching the game.

Leaping Lady Jets

This year the Girls' Varsity Basketball team didn't really do as well as they thought they could. But they did have team spirit and they helped each other on the court. They had 4 wins and 18 losses. This year, they seriously felt that the Girls' Varsity team would have a good chance of winning if they had more power to overcome the strength of their opponents.

This season started off with new team players and two new coaches; Mr. David Johns for Varsity Coach and Mr. Jerry Ludy for Junior Varsity Coach.

"Well coaching was pretty tough, but we hung on strong and the players did play with spirit. It was really encouraging for next year," quoted David Johns.

The Junior Varsity Basketball team did good this season but still need to work on it. They worked as hard as the Varsity team did and did get something good out of it. A lot of teamwork was done and they also had a lot of spirit. They won 8 and lost 8 but really worked as a team. They also helped each other by cheering for each other and for having confidence for one another.

Well there's always next year. If anyone out there think they can make a difference, let's help those Leaping Lady Jets win!!!

Leading the Crowd

Cheers, dances, and moves; this year's spirit squads did it all. The dedicated girls of both squads this year proved they had what it took to lead this school to victory.

This year's varsity football squad had been practicing all summer to go win a superior flag at USA spirit camp. This squad was lead by Senior Lou Rivera. They jammed to a Speed Racer mix and a techno routine. The junior varsity squad also practiced long and hard each week before their football games.

The funky Basketball spirit squad was lead by Senior Jennifer Williams. They worked extra hard to rumpshake it to their "Award tour mix" made by Albert Patterson. This squad had to work fast because there were games at least twice a week. They should be commended for their hard work. New this year, there were also Junior Varsity and Freshman Spirit Squads. Remember if you think cheerleaders are not athletes, you really missed the game.

So, So Close

Getting The Respect

The Boys Soccer Season of 1994 was a memorable one. The Jets started the season with new players and another new coach, and everyone thought it would be the same team of a year ago. In their first pre-season game the jets thrashed St. Elizabeth 6-1, and things started looking up. The jets then went on an eight-game winning streak edging out teams like Piedmont, St. Mary's (a team the Jets hadn't beat in over thirteen years) St. Joseph, Alameda, Albany, and Salesian. The returning Veteran players were Jacob Adina, Mansoor Rahmani, Zaid Rahmani, Patrick Malone, Dawod Sharifi, Ben McNeil, Massieh Nabi, Gerardo Flores, and Carlos Arias.

The Jets were so close to the North Coast Section Playoffs that they almost tasted it. But that wasn't the case. Encinal finished the season at 10-6-3, third in ACCAL after Piedmont a team the Jets had beaten twice in regular season. It was hard to swallow but at least "The Bad Boys of the league" had gained respect for their abilities on the field. Jet Soccer had almost reached its peak. Thanks to the graduating seniors Jacob Adina, Massieh Nabi, Bilal Salimi, Dawod Sharifi, Carlos Arias, Zaid Rahmani, and all the other players for making the jet Soccer Season of 1994 the "Best Ever."

What do you think was the greatest accomplishment for the soccer team in 1994 season?

"After loosing the backbone and soliidness of our team, we came back with brand new players, and managed to do just as well, if not somewhat better. Just look at the run we gave Alameda!"

-Charlene Michael-

"I think the greatest accomplishment were made this year was we earned to work together in everything and I think we finally learned to work under pressure.'

-Shannon Babb-

"For me, the greatest accomplishment of the girl's soccer team this year was how close we got to winning the Alameda game. We kept up with things for most of the game. Sorry you could not play the second time CHUCK!!"

Kickin' It

Jets Shoot For The Top

The Jets compiled a very impressive record this season through a combination of hard work, dedicated coaching, and excellent skills. Their labors were very nearly rewarded in the form of a North Coast Section playoff berth.

The Encinal roster was as follows: seniors-captain Lisa Fernandez, Alicia Lengel, Alanna McKean, Jola Lukaszewicz, and Maria Yershova; juniors-captain Charlene Michael, Cathy Dodge, Gina Termini, Shannon Babb, Stephanie Stelter, Magda Stepniewski, Teresa Chavez, Lindsay Crawford, Courtney Flood, and Sunny Hall; Sophomores-Gina Emery, Carrie Powell, and Kelly Stanton; and freshman-Sara Gamponia.

Despite the fact that Jets were largely first year players, the team quickly began to play as a unit and under the diligent coaching of Luis Aguilar they soon became on of the better teams in the League. Lead by team captains Charlene Michael and Lisa Fernandez the Jets were able to challenge teams that have always dominated the league.

Although narrowly missing their chance to compete in NCS championships the Jets had a spectacular season.

Grand Slam

Shining New Stars

Coming through with another excellent season, with the new stars. In the beginning of the season, they lost a couple of games but they're still coming out on top over all. So far Encinal is ranked #2 in the league. This year we have a lot of new talented stars, Quinten Elder and Barry Ford who are both freshmen. They are really going to make it if they keep their minds to it. Next year we will be losing a lot of our talented baseball players, such as Jeremy Lang, Jeff Mandagal, Jason Trasher, John Cho, Manuel Enriquez. That's okay if the boys work hard at it we still can pull a wonderful team out next year. We still will have some fantastic players left such as Kariem McFarlin who hit a Grand Slam at the beginning of this season and Jimmie Rollins who has been trying his hardest which is the kind of spirit that we need.

Encinal's baseball team has been fighting for what they believe is theirs the first place title. They have been putting up a tough fight, game after game they try their hardest. They practice day by day doing their best to make it where they want to get.

I give Encinal the best of luck in their future games to come. I know that even if they don't make it where they want to go they will always try their hardest to make their school's name known. Jet Pride.

The girls' Softball team listens well as Coach Johns gives them a good pep talk before they go on the field and give it their best.

Some players from the girls' Softball get warmed up for one of the many games in their season so they can play their best against their opponent and win.

Melody Ramirez throws the ball to third to get the runner for the third out of the inning. Melody was one of the good players on the team as were the rest of them.

Pitching Fast

A League of Their Own

The girls' softball team had a very good season. They had tryouts in February and March. They played most of their games at Washington Park. The coaches were Coach Johns and Coach Vail.

Girls' Softball was a marvelous All-League team. Before each game they would warm up, so they could go out there and beat the other team. Most of the girls of the team were also from the girls' JV and Varsity Basketball team.

The team contained returning seniors on down to new freshmen. One of the juniors was Camellia Millet-Lau, and one of the freshmen was Frances Onia. They were both on the girls' Varsity basketball team and were great assets to the girls softball team.

In their preseason game they won two out of three games. The three teams they played were San Lorenzo, Tennyson and Skyline. In their first four games of the season, they won all of them. Their biggest win was against St. Joseph, 18-0.

They had a very good season with lots of wins and most of the players should play next year, too.

Keep your eye on the ball! That's exactly what Lisa Fernandez is doing while she swings her bat to hit the ball. Lisa is one of the returning players from last year.

Camellia Millet-Lau pitches the ball under hand to the Gina Termini to help get prepared for the game they're about to play. The rest of the team gets a pep talk from Coach Johns.

Anabel Santos successfully throws the ball to first for the double play to get both runners out and to get out of the inning.

Making Waves

Stroking It In . . .

What do 16 hours of weekly practice, waking up at 5:30 in the morning, and swimming 300,000 plus yards have in common? Well, if you didn't know by now, these are just some of the characteristics portrayed by our hard working swimmers. As another season begins, so does the hope for another Championship Title — both for the Girls and Boys Teams. Our league schedule is one that we cannot easily dominate, especially with cross-town rival Alameda in our league. However, with the great talents of Gabriel Flores (100 yards Backstroke school record holder with a time of 53.55 seconds), 2-time league Diving Champion Dave Silva, Chris Pivonka, Pep Charusanti, Randy Romanoff, and Ben McNeil, our Boys Team seems to be in great shape to win another league Championship just like in Waterpolo. Add to that some fantastic new swimmers like Bayani Flores and Sid Florendo, our team looks to be unbeatable.

Not to be out done is our Girls Team with the Breaststroking of Alanna Mckean, Alicia Lengle, Freestyling prowess of Tara DeLong, Mary Malone, Cathy Dodge and many other swimmers looks to be a strong team contending to be the leagues best! And of course with the additional help from returning Diver Jessica Burtenshaw and Freestyler Jennifer Pancoe, the Girls Team is surely on the rise.

Good luck to all you water happy people and remember to Go Bananas, Go Go Bananas . . . Go Jets!!!

Run, Jump and Throw

Track and Field Competes . . .

Running, jumping, throwing and hard work, these are the things that make up the sport of track and field. There are various activities that athletes must partake in this sport. Coached by Mr. Don Grant and Mr. Alvin Picate, expectations for this track and field team are high.

The 100 yard dash, 4-man relay, discus, shotput and javelin are but a few of the events. Athletes in this sport are usually affiliated with another sport." We like to use track and field as a tool to excel in another sport." replies one of the athletes. The participants consider track and field as a competitive sport and also a trainer to keep up their skills in the off season.

This year the determination of the athletes will be tested. The Co-ed team will face many tough opponents, such as big name schools like Bishop O'Dowd and St. Mary's. Track and field is unlike most competitive sports. For instance, football it involves a group of different talents combined together to win one game. In track and field, the talents of the individual on the team are recognized and awarded not the whole team. It's not just one "game." The meet is a combination of many "games", as some would call it, and only one winner comes out in each specified event.

Bye, Bye, Birdie

Smashing Success

Once again becoming one of Encinal's largest sports teams, the badminton season began with traditional overload of people. This year's badminton tryouts buzzed with even more anxious people than previously.

Although there are many students, Coach Jerry Ludy doesn't have to face with the difficulty of cutting players. According to Coach Ludy, "there are no cuts as to who can play this sport, only people cut themselves by not coming to practice or not having their physical done."

Through hours of hard work, and through the supervision of Coach Ludy, the team was off to face other schools. Teams from schools such as Arroyo, Berkeley, Kennedy, San Leandro, Richmond and San Lorenzo.

Without a real sports budget to work with, the team raised money through candy sales. The money was used for several needed accessories. Among them included team T-shirts, birdies, trophies, and a party at the end of the year.

Jets Best!

On Top As Always

Although our League has changed from the ESAL (East Shore Athletic League) to the newly formed ACCAL (Alameda Contra Costa Athletic League), our Jets once again landed on top, no matter what league they were in.

From the Football triumph in the Big Game to the best season ever in Waterpolo, our Jets have paid their way to earning their League Titles. Perseverance, sheer determination, and good old Jet Pride proved to be the key elements for our Jets success.

Due to the yearbook deadline, we were unable to publish the names of our Spring All-Leaguers. Good Luck to the Baseball, Boys Tennis, Swimming/Diving, Track/Field, and of course our Softball Team for their bid to be the league's best!

Congratulations to all who made it to the ACCAL, earning All-League Titles and Honorable Mentions. GO JETS!!!

WATERPOLO: Top Row All-leaguers: Randy Romanoff #5 (Captain), Dave Silva #8, Chris Pivonka #10, Gabriel Flores #2 (Captain). Bottom Row: Honorable Mention Ben McNeil #11, All-League Goalie Evan Richards #1, and Honorable Mention Eugene Asuncion #6. (Starting Line-up of the first ever EHS Waterpolo Champions).

CROSS-COUNTRY: Honorable Mention Amy Yuen, All-leaguer Jennifer Shleninger (Captain), and All-leaguer Mary Malone.

SOCCER: Top Row All-leaguers: Mansoor Rahmani (Boys Captain), Charlene Michaels (Girls Captain), Masseih Nabi, Bottom Row-All leaguer: Lisa Fernandez (Girls Captain), Honorable Mention Goalie Zaid Rahmani, and All-leaguer Alanna McKean.

FOOTBALL: Honorable Mention Chris Campbell (Quarterback, Offensive MVP), All-leaguer Kariem McFarlin (Cornerback), Robert Bresler (Linebacker, Guard, Team Captain, Team MVP, Defensive MVP). Not pictured are All-leaguer Bobby Hamilton (Offensive line) and Donnie Watson (Defensive end).

VOLLEYBALL: All-leaguer Julissa Castillo.

Congratulations to last Spring's All-leaguers . . .

Ivy Wan, Class president, set a goal to make school events more pleasant for Sophomores this year. She also hoped to beat the freshman in class competitions.

Homecoming and Spirit Week were the first events. The hall was decorated to the theme "Walk like an Egyptian." The assembly skit included a protest to building pyramids and the kidnapping of a princess who was returned because she was so bored. Norma Campbell, Kais Shirgul, Maha Aljumaie, Melody Robinson, Ivy Wan, Lauren Blickle, Lonnie Taylor, Joe Collins, and James Heyes all participated. The sophomores placed 4th for halls and 4th for their skit. They earned 4th place in lunch time competition and placed 4th overall. So, next year they'll have to try harder.

The class of 1996 raised money for their future events by selling friendship grams and candy sales. They have made $3000 but still need another thousand to reach their goal.

The Winterball was sponsored by the class of 1996. The dance was held in the EHS gym. Picture This, LTD took posed portraits and Powerhouse Productions were the DJ's. The 410 students who attended will cherish their memories of January 7, 1994.

Sophomores were still scheduled into learning families-Art, History, and Drama. This year, however, everyone's core elective was Modern World History. The rest of the family was kept intact by all taking English 2P, Math 1MP, and Integrated Science 2. Several family teachers were new to Encinal and had unfamiliar teaching methods, and other positions were filled by long-term substitutes. Current Life Issues, a graduation requirement was an outside elective taken for one semester this year. The back up selections were Keyboarding, Wood Shop or Auto Shop.

How was year different from your freshmen year?

"This year was better 'cause more people know who you are. When you're freshmens, no one really cares."

-Ledrick Captep-

"This year is different from last year because no one bothers you about being a freshmen."

-James Rollings-

How do you feel about the class of 1996?

"I think our class is much better than last year. We have a lot more class spirit."

-Chad Garrado-

"I think the sophomore class is a pretty cool class."

Lunch Time

Students at Their Best

Lunch time is a cherished activity at most schools, including ours. From McDonalds to Taco Bell, students have a variety of eating habits and lunch activities.

During lunch many students leave campus to enjoy lunch at a fast food restaurant or maybe at home. There are also many students that remain on campus to enjoy the many activities that occur during lunch. Most students who remain on campus either buy their lunch or bring it from home. Some of the activities that take place during noon time are water balloon tosses, pie eating contests, or just kickin' back in the quad and listening to music on Fridays. On special Spirit Days, students can participate in special activities.

From fast food to bag lunches and games to just kickin' back, students enjoy a variety of lunch time activities. I think you probably agree that lunch is one of everyone's favorite periods.

Got Spirit?

Jets Sure Do

Spirit Week has been an Encinal High School tradition for twenty-seven years now, and since that first week, way back in 1966, it has been one of the highlights of the school year.

Homecoming Week, with its hall decorations, noontime rallies, skits, and competitions, has always been a great chance to build spirit, class unity, and personal friendships. This year was a perfect example of how working together could accomplish seemingly unreachable goals. For instance, for the first time in a long while, it was the Juniors, not the Seniors, who were named the Most Spirited Class.

This year, the class themes were: Freshman — Halloween, Sophomores — Egyptian, Junior — Pirates, and Senior — Roaring '20's. All of the classes did exceptional jobs of preparing their hallways and skits and were awarded money for class treasuries.

It doesn't make a difference if we're talking about the Encinal of today or of 1966, the same contingent that binds the two is universal; it is JET PRIDE and we all have it. Never is it so visible, though, as it is in our annual Spirit Week.

*Junior **Mary Malone** takes a break from the last minute play rehearsals to ponder the theatrics to come.*

*Seniors **Steve Wilson** and **Lisa Cruz** pause briefly before continuing work on the Class of 94's Homecoming hall way. Their theme was "Roaring Seniors."*

*The excitement of the week reached a climax with the Homecoming football game. Here, **Chad Jones** has the privilege of being the first to break the sign that leadership went through great lengths to make.*

There has been trouble, in the past, with getting the classes to participate in the Spirit Week activities. How do you feel it ran this year.

"I thought the activities this year, especially Homecoming were great! The games were fun, and the competition amongst the classes was challenging. I'll miss these spirit weeks after I graduate."-Pep Charusanti-

"I think that the Spirit Week activities were fun, except when not enough people would participate. I think that more people will participate if the activities are more fun."-Daniel Millet-Lau-

"There are some people who like to participate and some who don't, but I don't think they should just stop doing them. In the past, I've found the Spirit Week activities more fun. Now that we can't do anything, that has all changed."-Jaclyn Irvine-

"I'm disappointed because the class of '94 missed decorating the traditional main hallway. But all in all, spirit was OK; of course, there is always room for improvement."-Lou Rivera-

Michealangelo working on the Sistine Chapel? Pablo Picasso testing the limits of abstraction? Neah, 'tis merely ***Kais Shirgul*** *glitzing the Sophomore hallway*

The spirit of the week was truly captured as the school body cheered on the Encinal's athletes. ***Gabriel Flores*** *is here seen introducing the mighty Jet polo team, while the Varsity Cheerleaders get ready to perform.*

Senior ***Chris Ray*** *touches up the Seniors' artistic extravaganza. No, he isn't spray-painting on our school's clean walls; not even Chris would do that!*

Spirit Week activities ranged from the clean (balloon toss) to the grotesquely messy (pie-eating contest). Here students just sit back, relax, and soak up the Homecoming spirit.

Big Dogs

Determination

Through out the whole season the Varsity team struggled for a win. With their teamwork and helpfulness the team received the greatest win of all against the Alameda Hornets. First they started out with a school rally and later they lightened things up with the lively band. The Alameda Hornets started off with the first two touchdowns and then Encinal Jets came out on the top and sent the little bees home crying. It was a great scene to see. Once again in the beginning the Varsity Football team started out rough and ended up smoothing things out. And their league record came out to six-four and two. Now the team has proven that they are Varsity-like material that can take the Jets to the top. Taking the Varsity team to the top was quarterback Chris Campbell who came through with straight handles. The top runner also with handles for this year's season was Jeremy Lang. With coaches like Mr. Don Grant and Mr. Jack Scham they were going to come out with some kind of pride. Even though they don't win every game they are still a winner at the end.

And if you missed the wonderful show that the Freshmen Football team put on then you missed the true meaning of teamwork. All props go out to the boys on the new little jets, who had to learn how to overcome all fears and injuries if they want to step up with the big dogs. Although the freshmen team didn't win all their games, they still came out with a record of 4-4. coaches Mr. Bill Harper and Mr. John Oldham think that their new team did a great job.

Let's Dance
Heating Up The Air

Hey you guys, guess what? This year's dances at Encinal High made the air burn because they were really really wild. Anything can happen at EHS dances, and if you don't take the chance to be a part of it, you definitely miss a lot. Let's see the new moves of 93-94 and just dance away, forgetting about anything else. Or why not grabbing for some older songs which were hits 10 years ago maybe? Yes, guys, this is fun.

One of the biggest events was Homecoming Dance. Everybody who likes to get excited and meet new people showed up. Homecoming Dance was held on October 15, 1993 and it was the fun night for everybody.

The Costume Dance which was held on October 29, 1993 was cool. Besides the jammin' music, the crazy and creative costumes in which some students showed up got everybody's attention. They even held a costume contest during this dance for Halloween.

Prices for the Costume Dance were $4 for single, $3 for students with sticker, and it was off $1 if people came in costume.

Then, Encinal's students had to wait for a long and nerve-wrecking time until they got their next dance which was the Winterball. It was sponsored by the Sophomore class and was semiformal. It was held on January 29, 1994.

Well, there are only some adjectives of superlative to describe this dance such as awesome, exciting, the most fun ever and unforgettable. No wonder people got down and boggied. No wonder they stepped to the beat. No wonder there were people who didn't even skip one single dance. No wonder fun-loving groups of friends swarmed to the dance-floor to show what they got.

School dances are some real highlights of the school year. A dance is not only a chance to go out and move your body. Let's make some new friends and spend an exciting and fun-filled night together. Don't forget to show off your fancy dresses (which were hotter this year than ever) and elegant suits. Have a good time!

***Tara DeLong** gazes at her male company, **David Silva**, and says, "Let's have another slow dance."*

*What a hat! **Erica Bendas**, **Jennifer Griffin**, **Tami Fisher** and **Melanie Spears** must have been in the right mood for the Halloween Dance as you can see by their costumes.*

***Sylvia Verduzco**, **Dawn Milne** and **Jovy Burgos** sell the tickets for the Halloween Dance and distribute numbers for the costume contest.*

*Yeah, let's see some real dancing here! **Janelle Williams** and **Ruzchiem Wise** go down to boogie.*

Out of all dances at Encinal this year, which one did you like the most and why?

"The Homecoming Dance. Most of my friends were there, and they had those great laserlights."
·Maria Payopay·

"Probably the Winterball because I had a very romantic time with my boyfriend."
·Tara DeLong·

"Homecoming, because everyone was there and I got to give the flowers to the court."
·Lorelei Bresler·

"The Halloween Dance, ya right!"
·Nicole Wadel·

"The Prom, just 'cause!"
·Chris Tam·

"I like the dances many people showed up to."

Spectacular!

Entertaining The Crowd

This year's assemblies were just loads and loads of fun. We had many different types of entertainment that many students enjoyed. We had Sport Stars, Comedians, Homecoming, Public Speakers, Talent Shows, and an "Idiot." School spirit was at its peak during the Homecoming assembly, especially when Senior Jacob Adina sang the wackiest song ever!!! Most students were happy to see Golden State Warrior's Super Star Tim Hardaway during an assembly. Many different public speakers spoke to students about the good and bad things in life. We even had a comedian who cracked everyone up. There were also the Holiday assembly, Black History assembly, and the Talent Show which students and faculty competed for placements of top three. Overall, the 1993-94 assemblies were fun and entertaining. We hope everyone enjoyed them.

What did you enjoy most about this year's assemblies?

"I liked the fresh DJ, and that idiot who sang that goofy song."

-Wali Koghadai-

"It sucked because we had to sit all the way in the back."

-Danny Adina-

"The assembly where Jacob Sang that crazy song was the best."

Performances

Places . . . And Curtains!

The Encinal High School fine arts department presented two successful comedies this school year. When possible Thespians tried out for the fall play, they had no idea that Arsenic and Old Lace would have near-full audiences for all three of its December performances.

Arsenic and Old Lace is about two elderly sisters who take it upon themselves to cure lonely old men, and to guide them to a better place. Unfortunately, that place is heaven-they poison these seniors. Abby and Martha Brewster's nephew Mortimer, however, finds out about their plans. Then the confusion starts: Mortimer's brother Jonathan escapes from jail with his sidekick Einstein. By accident, the criminals stumble into the dead bodies-buried in the cellar! Mortimer tries to send his aunts to the sanitarium when some cops show up.

Cristie Creadle, Beki Durate, Josh Lumpkin, and James Keach did a superb job with Arsenic and Old Lace, directed by Mr. Bob Moorhead and Angela Acosta.

Two month after the fall play, rehearsals for the Spring musical, Once Upon a Mattress, began. This musical version of "The Princess and the Pea" had a lot of veteran singers. The kingdom needs a new princess: No one may marry until Prince Dauntless finds a wife. The Queen, however, feels differently and does not approve any of the girls. She guarantees that the opening for a princess would stay open-until Winifred shows up. The prince immediately falls in love with her, but the Queen insists that Winifred isn't good enough. The whole kingdom awaits the result of the Queen's test.

Beki Duarte, Josh Lumpkin, Cassandra Davis, and Tacho Ordaz gave it their best. Directed by Mr. Moorhead and Les Fernandez, the spring play proved to be successful and was enjoyed by all who attended.

In March, students of the advanced Drama classes performed one-act plays at the Encinal Playhouse and at local middle schools.

*Senior **Cassandra Davis**, who stars as Winfred in Once Upon A Mattress, watches crew **Alina Zollfrank**, **Sooji Kim**, Senior **John Crum** (as Sir Harry), and **Tacho Ordez** discuss costume changes.*

*Senior **Josh Lumpkin**, who stars as the King in Once Upon a Mattress, works on his dialogue. **Josh's** character remains silent until the final scene.*

Why was it worth spending so much time for a good performance?

"Time? You mean practice? I guess I should have done that! Just Kidding, I practiced about 20 minutes a day for the play. The play was great and I had a lot of fun. The last-minute adjustments to our roles kept us all laughing for hours."

-Jeremy Leblanc-

"Being that this is my first play, it was an experience that I would not forget. The cast was good to work with. I spent a lot of time trying to memorize my lines, and I guess it paid off!"

-Jerry Wehry-

"The play was a jolly good experience. The practice was a pain but the audience and the support of the other actors helped me accomplish my mission. Although if you listen closely, you will hear Mr. Moorhead saying, 'DAVID, PUT THE PROPS DOWN AND GET ON STAGE!' "

-David Scott Eason-

"Fifteen minutes every night. I practiced, and practiced, and practiced. It was worth it because Mr. Moorhead was a good director and the cast was great. Besides, I like acting with friends."

-Jason Appezatto-

*Freshman **Lonnie Taylor** stares into the audience to get his cue during one of the rehearsals because he has forgotten his lines.*

*The cast of Arsenic and Old Lace: **Tacho Ordaz, Jeremy LeBlanc, Josh Lumpkin, Marriaha Lucas, David Eason, Jason Appezato, Jerry Wehry, Beki Duarte, Cristie Creade, Lonnie Taylor, James Keach, Anthony Chu, Peter Major** and **Les Fernandez.***

*Senior **Cristie Creadle** (as Abby) waits eagerly as Junior **Beki Duarte** (as Martha) offers a glass of poisoned wine to Junior **Anthony Chu** (as Mr. Witherspoon) during the final scene. **Anthony** was to become the thirteenth man to die at the hands of these two innocent-looking murderesses.*

*Seniors **Marriah Lucas** and **Josh Lumpkin** play Elaine Harper and Mortimer Brewster, respectively. The couple had planned to be married, but **Josh** found out about his aunts' plan.*

Join The Club

Making A Difference

Clubs have been important to Encinal High School's students. Clubs have brought students closer. Each and every year, every club tries to generate money by selling candy, chow mien, nachos, and even ice cream. The 1993-94 school year was no exception.

This year, Encinal High School welcomed the Asian Club, which was sponsored by Mr. Warren Haber. In addition to the Asian Club, there was the Unity Club sponsored by Ms. Linda Kingston and Filipino Club sponsored by Mr. Marc Bainbridge. These clubs discussed vital social issues, future activities, and goals.

The other clubs which are familiar to us were Drama Club, Key Club, Spanish Club, Outing Club, Art Club, California Scholarship Federation and Farsi Club.

Clubs have been and always will be a major part of the students life at school. With the help and dedication from those that care, clubs will remain in the school system for a very long time. The clubs thank those who cared and were willing to share.

Freshman Class of 1997

It's a whole new world for these in-coming Freshmen as they learn all the new rules and pick out their classes during Freshmen Orientation.

***Brianna Kahrs** and **Angela Valenzuela** take time out of their busy class day to enjoy in a bit of humor.*

The Long Journey

Freshmen Climbing to Success

Year after year Wood and Chipman middle schools get rid of eighth graders and Encinal High School receives new faces. Well this year was no different, except for some style, class, and new features.

This year, Freshmen had a choice of what "Learning Family" to choose. They had the choice of Art, Drama, or History families. "I picked the 'Art Family' because I didn't like the two other selections, Drama and History, and the Art family was the only one I liked," Lena Quitano said about her family. Joseph Amper said the reason he picked the Drama Family is because it's fun.

The freshmen also had the choice of taking P.E. or JROTC. "I picked P.E. because ROTC is too strict," Jacob Otenbriet commented. Some people picked JROTC because they thought it would be fun, but actually it's hard work. They could even get promoted in JROTC after a month. Freshmen could also join Drill Team and Color Guard.

The Freshmen came in with some definite style. They came in new looks which showed the upper classmen freshmen had the look. All the way from baggies to bellbottoms, dickies and JNCO, the Freshman class definitely had it going on. They also had a chance of choosing a Freshman Prince and Princess for Homecoming, which were Turon Clement and Frances Onia. "I was surprised when they announced I won for Freshman Princess," commented Francis Onia. Even though the Upper Classmen were a little upset because they had to share their court with Freshmen, everyone got their chance to make their vote count.

But one thing the Freshmen didn't like about Homecoming was the class color, it was orange. "I didn't think it wasn't fair that we got the ugliest color out of those four colors-Blue, Green, Yellow, and Orange," a Freshman commented. But the reason the Freshman color was orange was because the class theme was Halloween. For their skit they danced to the "Addams' Groove." They also participated in the decoration of the Freshman Hall, the 400 building hall and came in first in the hall decoration. The Freshmen also participated in Spirit Week activities for Homecoming and the Big Game. For Homecoming the Freshmen wore their theme color, orange. And on Wednesday in Big Game week, they dressed like Hippies.

As two Freshmen, Tim Gresham and Alfredo Guerrero, said, "This is the tightest Freshman class ever to go to Encinal High."

What do you think of Encinal so far?

"Well, Encinal is okay and it's kinda fun."
-Janice Guzman-

"Encinal is alright, easy, and the people are fun."
-Mike Chung-

"Encinal is fun and there's a lot of nice people."
-Devon Chaconas-

How is Encinal different from your old school?

"The people and the education is more challenging."
-Marc Halal-

"Encinal is bigger, much more people, and the classes are more harder."
-Linda Saefong-

"Well this school has more rules you can't break."
-Ricky Teneza-

New Start

Bringing A Fresh Look

With the beginning of the second semester, some of the teachers started moving back into new classrooms. As of February 1994, Encinal High got its main building back. With new classrooms where the Main Office used to be, there will be much more space for students to move back to.

This project took approximately one year to complete. The construction workers replaced all the old plastic and glass windows to the all-new tinted windows and built the elevator that will carry handicapped students as well as cargo.

The new science and business wings were opened for the beginning of the new school year, adding approximately twelve new classes to Encinal with its high-tech science equipment for the science wing and plush carpeting for the business wing. Both wings got new heating and cooling systems.

The new Student Services Center made easy access, for services to all the students, combining the Attendance, Banking, and Counseling offices into one.

After many delays, the media center finally opened after winter break. The new building, built on the site of the former library, was equipped with the most modern equipment for the use of any student.

This new era in Encinal history will prove to all that better buildings and equipment will mean a better education for all those who attend here in the future.

A crane tears down the remainder of the 500-wing portables, which have stood there for many years. Once this area is cleared, a new basketball court will be erected in this area.

A construction worker digs a ditch for a drainage system that will help to alleviate some of the excess water that collects around this area after it rains.

A crew of workers puts a little shine to the windows of the recently renovated main building, replacing the worn-out glass and plastic windows that had once been up there.

A construction worker works on the main building, which includes retrofitting of the building to earthquake safety code and an addition of the elevator that will make moving equipment and people up and down floors easier.

The view of the back of the new Media Center one month before opening. The old library, which was in the same location one year before this picture was taken, was replaced by a larger building that now houses a conference room, a computer lab and a multi-media center.

This is the front view of the Student Services Center one month after the beginning of the school year. Administration, Counseling and Attendance all have offices in this building.

A painter paints the doors to the fire hose housing unit. This was part of a $8 million bond project approved by the residents of Alameda to improve our schools back in 1989.

What does remodeling the school mean to your educational career?

"The remodeling means a better environment for learning lessons and gives more space to students that spreads out so they have more working space."

-Roger Guill-

"The remodeling of the school means very little to me since I will not be here when the school is totally complete. The new changes that have already occurred are good for the future generations."

-Creighton Wright-

"Even though I will not be here, remodeling the school is needed to improve the atmosphere and the future education of Encinal students. I want to look back at the prestigious school we attended, so it is VERY important that this is done right."

-Alison Dea-

The main building has been repainted more closely to our school colors. The 200-wing re-opened second semester after it had been brought up to current earthquake codes.

The Media Center has a large two-story central area for studying and browsing for books. The architect made good use of the natural light at our bay setting.

Time To Make The Final Change

Publications Class of 1994: Heather Bates-Vail: Publications Co-Advisor, Jean Wood: Publications Advisor, Ron Lewis: Publications Co-Advisor, Peter Ho: Horizon Editor, Anthony Chu: Jetsetter Fall Editor, Eugene Asuncion: Jetsetter Spring Editor, Wyman Toy: Jetsetter Spring Editor, Gil Abar: Staff, Jacob Adina: Staff, Daylene Angkiangco: Staff, Dennis Barefield: Staff, Shirene Bell: News Editor, Tamika Bennett: Assistant Photo Editor, Kristian Bergman: Staff, Jessica Castillo: Staff, Debbie Claro: Staff, Cristie Creadle: Staff, David Eason: Jetsetter Photography Editor, Les Fernandez: Staff, Tim Gresham: Staff, Jamie Holgerson: Staff, Eric Legaspi: Staff, Wing-Wah Leung: Staff, Neal Liggins: Staff, Irene Magno: Staff, Benjamin Mc Neil: Staff, Jennifer Merritt: Staff, Dinnine Neal: Staff, Cameo Osimalo: Staff, Maryann Platos: Staff, Kourtney Pfoor: Staff, Janice Sagar: Staff, Shawna Skilling: Staff, Lorina Teneza: Staff, Jennifer Williams: Staff, Alina Zollfrank: Staff. And many thanks to Pep Charusanti, who took many of the photographs shown in this book; Amy Yuen, who helped out with the Color section: and Kenny Lau, who helped us out when we needed him.

Volume 39, Time For A Change, is a 216 page book put together by a staff of over 30 students. This is the first time that the school newspaper, Jetsetter, and the yearbook, Horizon, were combined into one, making this a quicker and more efficient class. The front cover is composed of process navy blue and maroon colors. The end sheets are in snow. The pages are printed on 80 lb. glossy stock paper which included Garamond Italic, Korinna Italic, News Gothic Italic and Century Book Condensed Italic type. Jostens published this yearbook in Visalia, California. Gayle Leksan is our yearbook representative who helped us with making deadlines and designing the layouts. Jim Fashinell helped us with the senior portraits and major events and dances. Barbara Morello is the school photographer who took student portraits, campus candids and some assemblies.

The time has come for us all to make the final change. Onc that final bell rings on June 17, 1994, we will remember the goo times and the bad, the friends we made and the enemies that w would rather forget. We will wonder, "What will happen to me? once we are set out in the "real world". But no matter what th outcome, we will always remember the 1993-94 school year w had at Encinal in our minds and our hearts. Good luck to every one and best of wishes to all in the future.

-Horizon 1994
